

Science Year 1 Plants

Key Vocabulary
bark
berry
blossom
branch
bud
deciduous
evergreen
flower
fruit
leaf
petal
trunk
seed
stalk
stem
root

Wild Plants

Garden Plants

Trees

Key Knowledge

I can **name** trees and other plants I see regularly.

I can **describe** some of the **key features** of these trees and plants e.g. the shape of the leaves, the colour of the flower/blossom

I can point out trees which **lose their leaves** and those that **keep them the whole year**.

I can point to and name the **parts of a plant** (recognising that they are not always the same e.g. leaves and stems may not be green).
