# What Is a Landmark?

Hey, Go Jet Cadets, have you heard of the word 'landmark'?

What do you think it means?

A landmark is something that stands out in an area. It could be a building, a bridge, a lake or river, a sculpture or something else. These places might be special because they are big, nice to look at or really old.

A landmark makes a place recognisable. This means that you could look at a picture of a landmark and know straight away where it is.
