

V I P E R S

V - What do you think the news reader means by '**aggressive** increase in deforestation'?

R - How much of the Amazon Rainforest is being cleared every minute?

R - How much oxygen does it produce in the atmosphere?

I E - The news reporter states that the only thing that can be heard are his footsteps and distant birds. Why do you think he made a point of saying that? What would you expect to hear in a rainforest?

V - '...trees have made way to agriculture'. What does agriculture mean?

V - What is a conservation area?

R - How much forest is disappearing every day?

R - What is the biggest reason for deforestation?

I E - What impression do you get of the Brazilian president?

S - Can you summarise the video clip in no more than 15 words?
