

The Colour Collector

1. What was the stranger doing?
2. What does the 'see-throughness of silk' mean?
3. The writer has described the way the dolphins move as 'nosing through the sea'. Why do you think this is?
4. 'The redness of the breast'. What animal is the writer describing here?
5. Why is the bee a 'yellowy blur'?
6. What are the 'floes' that the polar bears are sliding on?
7. Does the sky really smile a rainbow? What does the writer mean by this line?
8. How does the 'feeling' of the sky change in the next line?
9. What does the word monochrome mean?
10. Why does the mood of the sky and the clown change?
