

# Year 3's Home Learning, Week commencing 5<sup>th</sup> July 2021

## PSHE

### Road Safety

For this week's PSHE lesson, we're going to look at how we can keep safe near roads.

Using the link

(<https://www.youtube.com/watch?v=T3f7N109ZN0>) and the document on the home learning page, you are going to answer some questions to show your understanding.

## PE

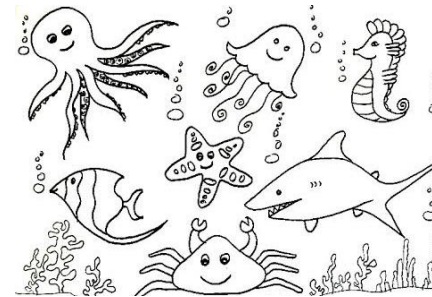

In preparation for Sports Day, why not create an obstacle course in your back garden, bedroom, through your house, be as creative as you can!

Also remember you have a week left to complete the Basketball Bingo sheet. If you do complete this remember to email it to me 😊

## Art

Using the 'Art for Hub Kids' Youtube channel (<https://www.youtube.com/channel/UC5XMF3Inoi8R9nSI8ChOsdQ>), I would like you to draw a sea creature of your choice.

## Reading

Every day, please can all children logon to Reading Plus and complete at least one reading session. If you have lost your login details for this please let me know and I can email them to you.

## Science

### Light

We will be continuing to look at light this week and how light helps us see things.

Follow the slides and read all the information to find out about how light reflects off different surfaces. Once you have read all the information, have a go at the worksheet attached.

## Geography

Watch the following video

(<https://www.youtube.com/watch?v=ptxC E7g L6Rk>) to find out how caves, arches, stacks and stumps are formed. Once you have watched the video, can you think of a creative way to show all the different types of coastal features shown in the video. Maybe you could make them all out of biscuits or out of play-doh. I can't wait to see what interesting ways you come up with!

## Religious Education

LC: Can I explain what happens during a pilgrimage to the River Ganges?

Please use the Inspire Academy Home Learning page to see what your task is.

## MFL

On Saturday 26<sup>th</sup> June, the Tour De France 2021 started. On the home learning page is a PowerPoint about the event that I would like you to look at. Then your task is to design a jersey!
