

Curriculum statement for the teaching and learning of Religious Education

At Inspire Academy Primary School, our curriculum is carefully planned, tailored, progressive and aspirational. It ensures learning that contextualises, addresses cultural deficit and gaps in knowledge and experience, and that ultimately equips our children for the next stage of education and for life beyond.

INTENT	At Inspire Academy, we aim to deliver high-quality teaching and learning opportunities that enables all children to have an understanding and respect for all people's beliefs. We celebrate diversity, and want all children to feel part of the Inspire family.		
	Using objectives from the National Curriculum for RE, we follow a high-quality tailored programme 'Discovery' which develops children's knowledge and understanding in different faiths.		
	We aim for all children to be knowledgeable and have respect for other cultures and religions and celebrate these different faiths. Children will leave Inspire understanding the importance of tolerance within all faiths and communities.
