Inspire Food Bank

We are fully aware how times are tough for everyone at the moment and we all need a helping hand from time to time. This is why we have started our own Inspire Food Bank.

It is a **'bring what you can or take what you need'** system. Each morning and afternoon a unit will be outside the main entrance where you can leave a donation or take any items that you may need. If you would prefer a donation in a more discreet manner then you are more than welcome to email a request to school and we will do our best to provide you with a selection of items. In this case please email

inspire@victoriousacademies.org with the heading **'FOODBANK'**.

Parking..

We have recently received reports from members of the public, and our neighbours to advise that some of the driving/parking outside school is unsafe, which is really concerning as we want to keep our children and our community safe at all times.

Please can we remind you that double yellow lines means no parking or waiting at any time.

The school car park is for staff only and as per previous communications this will be closed at 8.30am until 9.15am, and again from 2.30pm. until 3.15pm. Anyone locked in the car park will have to wait until it is re

Dates for the Diary..

Should I keep my child off school?

Yes

Until...

Chickenpox	at least 5 days from the onset of the rash and until all blisters have crusted over
Diarrhoea and Vomiting	48 hours after their last episode
Cold and Flu-like illness (including COVID-19)	they no longer have a high temperature and feel well enough to attend. Follow the national guidance if they've tested positive for COVID-19.
Impetigo	their sores have crusted and healed, or 48 hours after they started antibiotics
Measles	4 days after the rash first appeared
Mumps	5 days after the swelling started
Scabies	they've had their first treatment
Scarlet Fever	24 hours after they started taking antibiotics
Whooping Cough	48 hours after they started taking antibiotics

No

but make sure you let their school or nursery know about...

Hand, foot and mouth	Glandular fever
Head lice	Tonsillitis
Threadworms	Slapped cheek
