

My Year 1 unit on Animations will help me with this unit.

This unit will help me with my unit on Video Editing in Year 5.

Key information

Vocabulary

Frame	Each individual drawing / photograph within an animation
Storyboard	A document that sets out the characters, settings, events and sequence of the proposed animation
Onion Skinning	An editing technique in animation that is used to see several frames of an animation at once

Key Computing Skills and Knowledge

- Know that an **animation** is a **sequence** of drawings or photographs
- Know that each drawing or **photograph** in an **animation** is called a **frame**
- Know that little changes are needed for each **frame** in an **animation**
- Know that when taking **photographs** for an **animation**, the **iPad** and subject must be completely still
- Know that **animations** can be created on paper or on-screen
- Know that **online animations** can be sped up / slow down
- Know that **onion skinning** allows you to see the previous frame faintly so you can see where to draw / change next
- Know how to use **onion skinning** to make small changes between **frames** e.g. the background
- Know that **animations** can be moved from **iMotion** to **iMovie** to allow other **media** to be added
- Know how to add other **media** to an **animation** e.g. music, text etc
- Know different ways to **edit** an **animation** e.g. **deleting** unwanted **frames**
- Know how to **save** an **animation** to the **camera roll**
