| Data and Information: Branching Databases | Year 3 | Summer 1 |

Inspire Academy
Discovery Adventure Exploration

My Year 2 unit on Pictograms will help me with this unit.

This unit will help me with my unit on Spreadsheets in Year 6.

Key information

Vocabulary	
Branching Database	A way of classifying a group of items. Branching databases allow us to identify one of the items by answering a series of yes / no questions
Attributes	The features of the subjects we have collected data on
Table	A way of presenting data in rows and columns

Key Computing Skills and Knowledge

- Know how to create suitable questions for a **branching database**
- Know how to create a **branching database** on **J2Data**
- Know how to use a **branching database** to answer questions
- Know the real-world use of **branching databases**
- Know which way of presenting **data** is best for a given task
