

# Jamaica vs England

Year 1

Geography

Jamaica is a small island in the Caribbean. The Caribbean is made up of many small islands.

Jamaica is on the continent of North America and is surrounded by the Caribbean Sea.

The capital city of Jamaica is Kingston.

Jamaica has a tropical climate, meaning it is hot all year round. However, they do suffer from hurricanes.

Jamaica has a variety of wildlife, many of which are native to Jamaica, including: Manatees, Patoo, Giant swallowtail.

Jamaica has many famous landmarks, including: The Bob Marley museum, Devon house, The national museum of Jamaica, Hope botanical gardens and Appleton estate.
